TITLE:

Bid Award: Pecan Grove Neighborhood Waterline Replacement

SUMMARY RECOMMENDATION:

Award to the lowest responsive and responsible bidder for the construction of the Pecan Grove Neighborhood Waterline Replacement project, in the amount of \$407,000.00 to:

DPE Contruction, Inc., Yuma, Arizona

(Utlities - Bid #2016-20000147) (Jay Simonton)

REPORT:

The existing waterlines in Pecan Grove Neighborhood were installed in 1949, within the property backyards. Due to the age of these lines and with limited or no access, existing lines will be abandoned with new, larger water mains within the existing street right-of-way fronting each residential property.

Last year the City hired a contractor to install new water service lines from the back to the front yards. With this new project, the City will install approximately 1,700 linear feet of 12-inch C900 PVC pipe along 3rd Street to 5th Street, from Avenue B to 24th Avenue. An additional new water main will be installed along 3rd Street from 24th Avenue to 18th Drive. Once the new water mains are installed, all the previously installed new water services for each property will tie into the new water main located in the City right-of-way, and then the old lines will be abandoned.
