Staff
Recommendation:

Staff recommends the Planning and Zoning APPROVE the request to change the land use designation for approximately 4.18 acres from Low Density Residential to Commercial.

Suggested Motion:

Move to APPROVE the request to change the land use designation for approximately 4.18 acres from Low Density Residential to Commercial.

<u>Staff</u> Analysis:

This is a Major General Plan Amendment request by Bob Woodman, on behalf of Café Main Street Properties, to change the land use designation from Low Density Residential to Commercial for approximately 4.18 acres, for the property located west of the W. 7th Street and S. 21st Avenue intersection, Yuma, AZ.

The existing Low Density Residential land use designation supports the following types of zoning: Suburban Ranch (SR-1), Residential Estate (RE-12, RE-18, RE-35), Low Density Single-Family Residential (R-1-5), Low Density Residential (R-1-6, R-1-8, R-1-12, R-1-20, R-1-40), and Residence-Manufactured Housing (R-MH) districts.

The proposed Commercial land use designation supports the following types of zoning: Transitional (TR), Planned Shopping Center (PSC), Limited Commercial (B-1), General Commercial (B-2), and Business Park (BP) districts.

The applicant's intent in changing the land use designation is to pursue a rezoning of the site to General Commercial (B-2) for the development of company housing.

Within the General Commercial (B-2) district company housing (large) is a permitted use. Company housing (large) is defined by the zoning code as housing provided to employees by a commercial entity, labor contractor or employer. Occupancy for a large complex shall be determined by the Property Maintenance Code. The applicant is proposing to develop the site with 6 apartment buildings with 16 apartments per building. The number of occupants can vary depending on the size of the bedrooms and the total square footage of the living and dining areas. Company housing developments can be occupied year-round with the largest group occupying the units during the busiest season, between November through March. During the remaining months, the development is occupied at less than half capacity.

Density

The current land use designation of Low Density Residential would allow from 4 to 20 dwelling units to be constructed on 4.18 acres.

The proposed Commercial land use designation would allow the construction of a commercial development.

The proposed land use designation would allow the applicant to pursue a rezoning that would support the future development of company housing.

Population

Information from the 2018-2022 American Community Survey provides data on population by housing unit type. The information results in an average household size for single-family homes of 2.9 persons per dwelling in the City of Yuma. Comparing the densities allowed within the General Plan, the potential persons expected are:

- Low Density Residential:

Minimum 4 homes – Expected population: 12 Maximum 20 homes – Expected population: 59

- Commercial:

Zero homes - Expected population: 0

The 2020 Census identified that 20% of the population within the City of Yuma was between 5 and 17 years of age. Therefore, the expected school-age population is estimated at:

- Low Density Residential:

Minimum expected population: 12 – School Age: 2 Maximum expected population: 59 – School Age: 12

- Commercial:

Zero homes - School Age: 0

Transportation

The property is located west of the W. 7th Street and S. 21st Avenue intersection. Access to the property will be from the nearest roadway, 21st Avenue, a Local Road, with a connection to 8th Street, a Minor Arterial Road. There are existing bus stops at 8th Street and Avenue B and 8th Street and Magnolia Avenue, both Purple Route- 6A and a proposed bike lane on 8th Street and a proposed bike route on 21st Avenue.

According to the City of Yuma Transportation Master Plan, 8th Street operates at a Level of Service (LOS) of C or above, meaning that there are stable conditions with movements somewhat restricted due to higher volumes but not objectionable to motorists. The Yuma Metropolitan Planning Organization identifies average annual daily traffic counts for 2023 as 20,122 vehicles on 8th Street between 21st Avenue and 24th Avenue. 8th Street is a 4-lane roadway identified in the Transportation Master Plan as a Minor Arterial and 21st Avenue is identified as a Local roadway.

1. Does the proposed amendment impact any elements of the General Plan?

No. The elements of the General Plan will not be impacted by the proposed amendment.
