

REQUEST FOR CITY COUNCIL ACTION

MEETING DATE:

May 15, 2019

DEPARTMENT:

Engineering

DIVISION:

- Motion
- Resolution
- Ordinance - Introduction
- Ordinance - Adoption
- Public Hearing

TITLE:

Declare A Public Record: Construction Standard Detail Drawings, dated May 2019

SUMMARY RECOMMENDATION:

Declare that certain document entitled Construction Standard Detail Drawings, dated May 2019 a public record and order three copies of each to remain on file with the City Clerk. (Engineering) (Jeff Kramer)

REPORT:

The City of Yuma uses a variety of documents to establish minimum standards for construction within the City. Yuma City Code § 210-09 authorizes and directs the City Engineer to establish and periodically review these standards of construction so that the City of Yuma is consistent with current standardized and recognized construction industry practices, and is reasonably consistent and compatible with similar standards adopted by other governmental entities.

On March 21, 2018, Council formally adopted the 2015 Maricopa Association of Governments Uniform Standard Specifications for Public Works Construction (MAG Specifications), 2018 revisions, which had been informally implemented in May 2016. The City has also adopted the May 15, 2016 edition of the Yuma Supplement to the 2015 MAG Specifications.

The City is now updating its Construction Standard Detail Drawings, dated February 2009 in order to bring the remaining construction standards up to date, which includes replacement of the Construction Standard Detail Drawings and necessary amendments to § 210-09 of the Yuma City Code.

This action declares the “Construction Standard Detail Drawings, dated May 2019” document a public record. It does not approve any code content or modification. Actual consideration of the changes to the Construction Standard Detail Drawings and Code will occur at a later date by ordinance. The documents are available in the City Clerk’s Office and online at:
