- ☒ Respected & Responsible
- ☐ Connected & Engaged
- ☐ Unique & Creative

ACTION

- ☒ Motion
- ☐ Resolution
- ☐ Ordinance - Introduction
- ☐ Ordinance - Adoption
- ☐ Public Hearing

TITLE:

Intergovernmental Agreement: Yuma County Flood Control District

SUMMARY RECOMMENDATION:

Authorize the City Administrator to execute an Intergovernmental Agreement with the Yuma County Flood Control District (District) for construction, maintenance, and discharge of stormwater lift station and force main improvements into the City's 15-inch storm drain system between 3rd Street and 4th Street, north of the North Central Retention Basin. (Public Works) (Joel Olea)

STRATEGIC OUTCOME:

Construction and maintenance of stormwater conveyance improvements that discharge into planned basins benefits all Yuma citizens, especially those within the area served by the new improvements, which supports the City Council's strategic outcome of Respected and Responsible, as well as Safe and Prosperous.

REPORT:

This Intergovernment Agreement (IGA) between the Yuma County Flood Control District and the City of Yuma calls for District design and construction of stormwater drainage improvements for the North Central Retention Basin, located 332 S. 10th Avenue. The project is funded by the District, but the City will inspect and review plans prior to acceptance. Once the project is completed, the City is responsible for routine operation and maintenance such as site cleaning, servicing, and keeping the improvements in good working order. Replacement of the improvements, such as lift station pumps are subject to reimbursement by the District upon request of the City and availability of District funds.

The original IGA and project vicinity map is attached.
