TITLE:

Intergovernmental Agreement: State of Arizona - Department of Transportation

SUMMARY RECOMMENDATION:

Authorize the City Administrator to execute an intergovernmental agreement (IGA) with the Arizona Department of Transportation (ADOT) to advertise, bid, award and administer the design and construction of a pedestrian hybrid beacon (signalized crosswalk) near the intersection of 8th Street and 21st Avenue.

REPORT:

The United States Congress has established and allocated funds to the Highway Safety Improvement Program (HSIP) for the specific purpose of significantly reducing traffic fatalities and serious injuries on public roads. The State of Arizona, the Federal Highway Administration, and the City of Yuma (City) have identified systematic improvements within the City that are eligible for this funding.

Under the attached IGA, ADOT will advertise, bid, award and administer the design and construction of a pedestrian hybrid beacon (PHB) two-hundred feet (200') west of the 8th Street and 21st Avenue intersection with integrated lighting, signage and striping. The placement of the PHB is projected to reduce the potential for injuries and increase safety awareness. Upon completion, the City will maintain and own the PHB.

By executing the attached IGA, ADOT will provide \$277,349.00 of federal aid funds and administer the project. ADOT, through the Yuma Metropolitan Planning Organization (YMPO), will provide the non-federal local match for the administration and construction of the PHB. The City, however, is required to pay for any cost overruns incurred during the project.
