TITLE:

Bid Award: Pavement Preservation Services

SUMMARY RECOMMENDATION:

Award to the lowest responsive/responsible bidders, a one-year contract for Pavement Preservation Services with the option to renew for four additional one-year periods, depending on the appropriation of funds and satisfactory performance, for an estimated annual expenditure of \$1,725,000.00 between the following vendors:

American Pavement Preservation
Cactus Asphalt
VSS International

Las Vegas, NV
Phoenix, AZ
Sacramento, CA

(Bid #2020-20000153) (Joel Olea / Robin R. Wilson)

REPORT:

The purpose of this contract is to initiate services for pavement maintenance treatments. The treatments include slurry seal, fiber slurry seal and chip seals. The application of sealant materials over asphalt pavements is to extend the pavement life at a relatively low cost.

City staff intends to utilize primary and secondary contractors to ensure the availability of applying slurry seal and chip seal asphalt maintenance products. Awarding to primary and secondary contractors will better assist the City's goal of improving the aging pavement infrastructure.

By approving this motion, the City Council authorizes a multi-year contract for the pavement maintenance treatments pursuant to the approved contract.
