TITLE:

Bid Award: 2nd Avenue Reconstruction – 8th Street to 13th Street

SUMMARY RECOMMENDATION:

Authorize the City Administrator to execute a contract for construction services for the 2nd Avenue Reconstruction project, from 8th Street to 13th Street, to the lowest responsive and responsible bidder in the amount of \$1,225,558.00 to:

DPE Construction, Inc. Yuma, Arizona

(Engineering Bid #2021-20000074) (Jeffrey Kramer/Robin R. Wilson)

STRATEGIC OUTCOME:

This item supports City Council's vision and strategic outcome of Safe and Prosperous by reconstructing the street, establishing a new water main, reconnecting all water services, and completing gaps in the sidewalk and streetlighting in this area for the safety of the community.

REPORT:

The project consists of reconstructing 2nd Avenue to current two-lane street standards, including curb and gutter and sidewalks, and abandoning a 10-inch water main and reconnecting all water services to a 12-inch water main. The existing pavement has deteriorated with severe cracking making the replacement necessary.

The streets surrounding this area have been upgraded to current City standards, which include curb and gutter, sidewalks, street lighting, and on-street parallel parking. The two blocks of 2nd Avenue between 10th Street and 12th Street have not received similar improvements because one-half of the street was not annexed until 2007 and property owners had not previously petitioned for an improvement district. This project remedies that situation with the curb, gutter, sidewalks and streetlights constructed through an improvement district.
