I. MOTION CONSENT AGENDA

Motion Consent Agenda Item C.7 – Cooperative Purchase Agreement: Aquatics Feasibility Study

(Authorize the use of a cooperative purchase agreement through Omnia Partner Network, for the Aquatic Center Feasibility Study including Kennedy Pool to Berry, Dunn, McNeil & Parker, LLC of Phoenix, Arizona for a total of expenditure of \$138,260.00) (CPA 26-292) (Pks & Rec/Purch)

Discussion

- The need for expanded aquatic facilities was identified in the Parks, Arts, Recreation, and Trails Master Plan adopted in July 2024. The study consists of two phases. Phase One includes information gathering, facility assessments, review of regional aquatic amenities, and extensive public engagement. Preliminary findings and conceptual designs will be developed and reviewed through public work sessions. Phase Two will focus on construction and operational analysis, including cost estimates, five-year pro formas, site evaluations, and potential partnership opportunities. The final study will provide the City with the information needed to make informed decisions regarding the future of aquatics in Yuma. The Aquatics Feasibility Study will evaluate a full system of aquatic facilities to serve the community as it grows, not just a single pool. (**Mayor Nicholls/Urfer**)
- Pending approval, the study is expected to begin around Memorial Day and will take approximately 11 months to complete. (**Mayor Nicholls/Urfer**)
- The upcoming community engagement meetings will be held in multiple areas throughout the City similar to the approach used during the Master Plan process. Previous meeting locations included Yuma High School, the Civic Center, and the Readiness Center to ensure coverage across different neighborhoods. (**McClendon/Urfer**)
- Individual responses along with the final results are typically included in an appendix and attached at the end of the report, similar to the Master Plan. (**Martinez/Urfer**)

Motion Consent Agenda Item C.8 – Cooperative Purchasing Agreement: Pump and Motor Repair and Replacement (Authorize the purchase and delivery of pump and motor repair and replacement from Precision Electric, Yuma, Arizona; Phoenix Pumps Inc., Phoenix, Arizona; and D&H Electric, Yuma, Arizona, utilizing a Cooperative Purchase Agreement from the Yuma Educational Materials Management Consortium. This contract is valid for one year with the option to renew for four additional one-year periods, one period at a time, depending on the appropriation of funds and satisfactory performance on an as-needed basis, at a total estimated annual expenditure of \$298,000.00) (CPA-24-372) (Utl/Pks & Rec/Facil Mgmt, Purch)

Morales declared a conflict of interest on Motion Consent Agenda Item C.8, due to prior discussions with the vendor regarding services at his place of employment and left the dais.

Motion (Smith/Watts): To approve Motion Consent Agenda Item C.8 as recommended. Voice vote: **approved 6-0-1. Morales** abstaining due to conflict of interest.

Morales returned to the dais.

Motion Consent Agenda Item C.3 – Contract Award: Professional Real Estate Services (Authorize a one-year contract with the option to renew for up to four additional years, one year at a time, contingent on need and satisfactory performance, for Professional Real Estate Services with Realty Executives, McKelvey-Malouff Satellite, Yuma, Arizona) (RFP-26-247) (DCD/Purch)

Discussion

- Concerns were raised about a potential conflict of interest with McKelvey-Malouff Realty due to one of the realtors serving on the Planning and Zoning Commission. After meeting with Chelsea Malouff, it was confirmed that she would represent the City and would recuse herself from any conflicting items, provided City staff gives clear notice of a conflict. The concerns have been addressed. (**Morales**)

Motion Consent Agenda Item C.10 – Commemorative Facility Naming: City of Yuma Public Safety Evidence Storage Facility (Approve naming the new Public Safety Evidence Storage Facility the Lieutenant Daniel Elkins Public Safety Evidence Storage Facility) (YPD)

Discussion

- The Yuma Police Department's recommendation to name the new facility after Lieutenant Daniel Elkins who was killed in the line of duty while serving the Yuma community is significant. The service and commitment he and his family provided to our community is something to remember and it is important to express appreciation for honoring his legacy. (**Smith**)
- Once the naming is approved by City Council, planning will begin with Lieutenant Elkins' family to select a suitable date for the plaque unveiling. The intent is to invite his family, who are located in various areas outside of Yuma, and issue the press release at that time. (**Mayor Nicholls/Garrity**)

Motion Consent Item C.11 – Guaranteed Maximum Price: Hotel Del Sol Multi-modal Transportation Center (Authorize a contract for a guaranteed maximum price for the construction of the Multi-modal Transit Center in the amount of \$17,421,425.00 to Core Construction, Inc., Tempe, Arizona, under the existing Design-Build contract for the project) (Engineering 2020-20000136) (Eng/Purch)

Discussion

- The vision is to redevelop the facility into a multi-modal center. Only one third of the ground floor will serve transit functions, with the remainder of the building designed as open space for future commercial or residential uses. The project is primarily grant funded, including a \$10.6 million federal grant, \$3.6 million in state funding and close to \$3 million was received for design funding, with the City providing the required match. If awarded, construction is expected to begin in

September and take approximately 18 months. The building will be demolished except for the historic east and north facades, which will be preserved and reattached. Additional historic elements, such as the fireplace, will be removed, preserved, and reinstalled, and other artifacts not returning to the building will be repurposed through local museums to maintain their history. **(Smith/Simonton)**

- The multi-modal center will address longstanding concerns related to transportation access. Passengers using Amtrak Train services currently wait outdoors during early morning hours, and Greyhound Bus riders rely on an unsheltered bus stop. The new facility will provide secure, appropriate indoor waiting areas for both services, improving safety and comfort for travelers. While this is a smaller component of the overall project, it remains an important and meaningful improvement for the community. **(Mayor Nicholls)**
- The total project cost is \$17,421,425.00, with 80 percent funded by grants and the remaining portion paid by the City. **(Simonton/Martinez)**

Motion (Morris/Smith): To approve the Motion Consent Agenda as recommended, with the exception of item C.8, which was approved through a previous vote. Voice vote: **approved 7-0.**
