

REQUEST FOR CITY COUNCIL ACTION

MEETING DATE:

July 19, 2017

DEPARTMENT:

Engineering

DIVISION:

Development Engineering

- Motion
- Resolution
- Ordinance - Introduction
- Ordinance - Adoption
- Public Hearing

TITLE:

Development Fee Deferral - Ellington Subdivision

SUMMARY RECOMMENDATION:

Authorize deferral of City of Yuma development fees and water and sewer capacity charges for Ellington Subdivision upon execution of a development agreement and payment of a \$500.00 administrative fee. The effective length of the deferral agreement is three years from date of execution.

REPORT:

Park West Yuma Development, L.L.C., has requested a deferral agreement for Ellington subdivision shown on the attached location map.

City Administration and staff previously met with the development community regarding local economic activity, particularly that of the construction industry, and have recommended to City Council that new residential, commercial and industrial development shall be eligible for deferral of development fees and water and sewer capacity charges. Deferring development fees and capacity charges stimulates economic activity within the City.

The deferral is accomplished in accordance with Arizona Revised Statutes § 9-463.05(B)(10) through a development agreement. Upon payment of a \$500.00 deferral fee for costs associated with processing and tracking the deferrals, the described property becomes eligible on a lot-by-lot basis for deferral of such fees and charges in accordance with the terms outlined in the proposed development agreement. Upon deferral, the development fees and water and sewer capacity charges are not paid until prior to issuance of a certificate of occupancy. This results in lower construction costs to the developer or owner, and has little impact on necessary City services until the certificate of occupancy is issued.
