I. MOTION CONSENT AGENDA

Motion Consent Agenda Item B.5 – Grant Award and Cooperative Purchase Agreement: Body-Worn Cameras (purchase of body-worn camera hardware and software through a cooperative state contract with Axon [OMNIA Contract No. 151089]) (YPD)

Discussion

- The Body-Worn Grant was first applied for and granted in 2016, but it was determined time by the former City Administrator and former Chief of Police that due to City finances it was not the right time to move forward with the grant. [Knight/Smith]
- In May 2018, the Department of Justice agreed to reissue the Body-Worn Camera Grant without any penalties. YPD has been planning the implementation for a little over a year. Supervisor Rodriguez is leading the program and met with the Department of Justice to make sure all grant guidelines are followed accordingly. [Knight/Smith]
- The Yuma Police Department met with a few vendors to evaluate their hardware and software for the body-worn cameras. Towards the end of 2019, an additional vendor came forward using cellular based technology; this added 3 months to the process of selecting the right vendor. [Knight/Smith]
- YPD selected Axon from a Cooperative Purchase Agreement for a 5-year contract. Axon tailored the program to the Yuma Police Department. The cost for the five-year contract includes the hardware, storage, docking stations and everything needed to get the program up and running. Due to frequent technology changes, Axon also worked into the contract the ability for YPD to get new and updated technology at years two and five of the program. [Knight/Smith]
- There will be no additional hiring of YPD staff for the management of the 77 cameras that will be up and running. Supervisor Rodriguez and the Radar Specialist will be managing the program. If there is a need for additional staff, YPD will confer with the City Administrator. [Watts/Smith]
- The rollout date is projected for September 2020. Once the approval is received, there will be a four-week training period for the officers. [Mayor Nicholls/Smith]

V. PUBLIC HEARING AND RELATED ITEMS

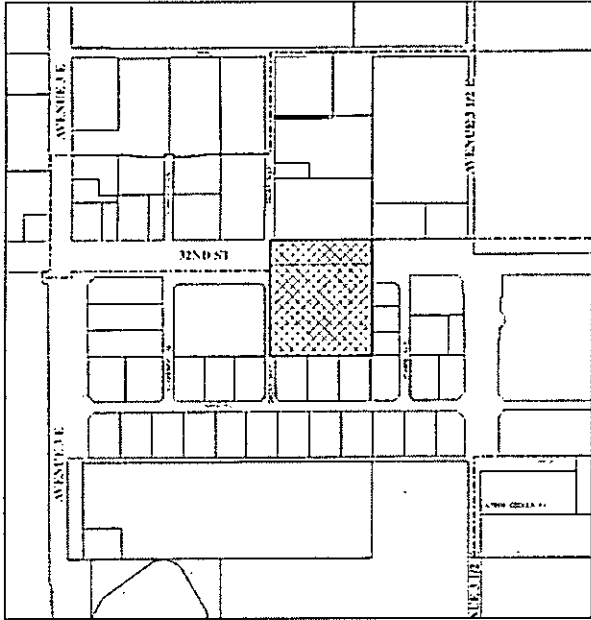

Public Hearing Annexation Area No. ANEX-30780-2020: Sunset Mobile Home Park (proposed annex property located at 3285 E. 32nd Street.) (DCD)

Mayor Nicholls opened the Public Hearing at 6:15 p.m.

Peterson presented as the following information:

- Annexation area of approximately 11.56 acres consist of one property located at 3285 E. 32nd Street.

Location Map

- The annexation area contains a developed mobile home park with 52 mobile home spaces and the adjacent 32nd Street right-of-way.
- Property is currently on a well system, upon annexation it will be connecting to City Water.
- The property will remain a mobile home park without the ability to expand from the existing mobile home spaces.
- MCAS Yuma has no opposition to the proposed annexation as long as the Mobile Home Park does not expand beyond the existing 52 spaces.
- Upon annexation, the property will be a legal non-conforming use with a zoning designation of Agriculture (AG).
- Future Schedule:
 - Introduction of the Ordinance - September 16, 2020
 - Adoption of the Ordinance - October 7, 2020.

Discussion

- The zoning must be in conformance with the City's General Plan; since the current County zoning is Commercial the City zoning would need to match the County zoning, or not be more intense, pursuant to state statute. Upon annexation, the best alternative is to classify it as Agricultural District and that will make it illegal non-conforming use, but they will still be able to operate as they currently do. [Mayor Nicholls/Albers]
- The bridge across the canal that is being annexed as part of the mobile home park is a private access and the property owner is responsible for the maintenance of it. [Knight/Albers]

Motion (Knight/McClendon): To close the Public Hearing. Voice vote: **approved** 7-0; the Public Hearing closed at 6:18 p.m.
