Staff Recommendation: Staff recommends **APPROVAL** of the rezoning from the Agriculture (AG) District to the High Density Residential (R-3) District, subject to the conditions shown in Attachment A.

Suggested Motion: Move to **APPROVE** Rezone ZONE-43816-2025 as presented, subject to the staff report, information provided during this hearing, and the conditions in Attachment A.

Effect of the Approval: By approving the rezone, the Planning and Zoning Commission is recommending approval to City Council for the request to rezone approximately 50.55 acres from the Agriculture (AG) District to the High Density Residential (R-3) District for the property located at the southeast corner of State Route SR-195 and 40th Street, subject to the conditions outlined in Attachment A, and affirmatively finds that the request is in conformance with the City of Yuma General Plan.

Staff Analysis: The subject property is located at the southeast corner of State Route SR-195 and 40th Street. While currently undeveloped, the intended development for the subject area is a multi-family project.

Further specified in §154-07.03, the following are some of the development standards required of a development with the High Density Residential (R-3) District:

1. The maximum lot coverage in the High Density Residential (R-3) District shall not exceed 60% of the lot area;
2. A minimum front yard setback of 20 feet;
3. A minimum side yard setback of 5 feet;
4. A minimum rear yard setback of 10 feet;
5. A 50-foot maximum building height

In accordance with the current City codes and other applicable laws and principles, the developer will need to submit development plans to ensure the development standards for the High Density Residential (R-3) District are met including paved access, parking and landscaping.

The potential residential development could contain between 1,516 and 657 residential units based on the density limitation outlined in the General Plan.
