<u>Prior site actions</u>: Annexation: Ord. 672 (July 21, 1956), Subdivision: Clarence Trigg Subdivision Unit No. 2 (May 18, 1951), Rezone: C-14-60-8(d) Initial zoning to Industrial "A" Ord. 840 (January 2, 1962), Rezone: Z80-23 rezone from Industrial "A" to Light Industrial (L-I) District Ord. 1979 (February 7, 1981).

<u>Staff Recommendation:</u> Staff recommends **APPROVAL** of the rezoning from the Light

Industrial/Infill Overlay (L-I/IO) District to the Low Density Residential/Infill Overlay (R-1-6/IO) District, subject to the conditions

shown in Attachment A.

**Suggested Motion:** Move to **APPROVE** Rezone ZONE-44389-2025 as presented, subject to

the staff report, information provided during this hearing, and the

conditions in Attachment A.

**Effect of the Approval**: By approving the rezone, the Planning and Zoning Commission is

recommending approval to City Council for the request to rezone to the Low Density Residential/Infill Overlay (R-1-6/IO) District for the property located at 1731 S. Madison Avenue, subject to the conditions outlined in Attachment A, and affirmatively finds that the request is in conformance

with the City of Yuma General Plan.

**Staff Analysis:** 

The subject property is located at 1731 S. Madison Avenue, in the Clarence Trigg Subdivision Unit 2 which was recorded on May 15, 1951. The property is approximately 6,341 square feet in size and is currently developed with a 1,191 square foot single family home built in 1942.

The area was annexed to the City in 1956 and following annexation, the area was zoned Industrial "A" with a subsequent rezoning in 1981 to the Light Industrial (L-I) District.

The applicant is requesting to rezone the property from Light Industrial/Infill Overlay (L-I/IO) to the Low Density Residential/Infill Overlay (R-1-6/IO) District to bring the zoning of the property into conformance with the actual use. The applicant is considering constructing an Accessory Dwelling Unit and a detached garage in the near future which would not be allowed in the current Light Industrial zoning district.

Several properties in the area are developed with residential homes and the rezone of this property would match the surrounding character and nature of the current uses. This request would also be in conformance with the Land Use Element of the General Plan.

1. Does the proposed zoning district conform to the Land Use Element? Yes
